How To Order

Creating products with customer's own material (C.O.M.) with Eastern Accents
is fun and easy! Just follow these simple steps to get started:

1 Choose Product

Eastern Accents offers duvet covers, comforters, coverlets, bed skirts, and bed pillows.

2 Choose Style

Eastern Accents offers six duvet cover, comforter, and coverlet styles to choose from. There are also four styles of bed skirts and fifteen styles of bed pillows.

3 Choose Size, Fabrics, Closure, and Upgrades

A. Choose Size

Choose from Daybed, Twin, Full, Queen, Super Queen, King, Super King, or Cal King sizes. For bed skirts you can choose from Daybed, Twin, Full, Queen, King, Cal King. Bed pillows are offered in Euro Sham, Standard Sham, King Sham, and Bolster sizes. Call for custom size information.

B. Choose Fabrics

Browse our deluxe binders or visit EasternAccents.com to select fabrics and trimmings for your custom bedding. You may combine both Eastern Accents and C.O.M. fabrics and trimmings in your product. Please note our yardage charts are based on 54"-58" wide fabrics. Contact Customer Service at 800.397.4556 for specific information on using wider or narrower fabrics.

FABRIC CONSISTENCY AND SUBSTITUTIONS: Fabrics offered by Eastern Accents may have variations in texture and color. We may substitute similar fabrics and trimmings if the originals are no longer available. Please visit EasternAccents.com for current fabric and trimming availability.

C. Choose Closure

Eastern Accents duvet covers include a standard button closure or zipper, and you may specify which of your fabrics will be used for the button fabric.

D. Add Upgrades (optional)

You may add upgrades such as trimming, a flange, a welt, or a cuff to your bedding.

E. Sign the Form

Once you have completed the worksheet, carefully review and sign it. Please note that custom items cannot be exchanged and are non-returnable and non-refundable.

4 Submit Your Order

After you have completed and signed your worksheet, email it to Custom@EasternAccents.com or fax it to 800.998.3278. **Do not ship C.O.M. fabrics or trimmings prior to receiving an order confirmation number from Eastern Accents.**

5 Receive Order Confirmation Number

Eastern Accents will review your order and email or fax you an order confirmation number.

6 Ship Fabrics and Trims

After receiving your order confirmation number, ship C.O.M. fabrics and trimmings to Eastern Accents with the order confirmation number and your company's name clearly marked on the package. The shipping address for C.O.M. fabrics and trimmings is:

Eastern Accents
Attn.: C.O.M. Department
3138 N. Tripp Avenue
Chicago, IL 60641

Note that Eastern Accents reserves the right to refuse any material or design not suited for production.
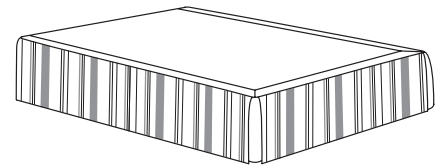

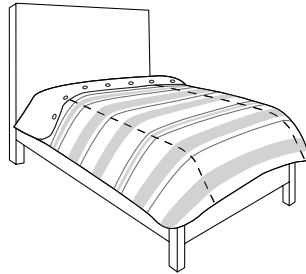

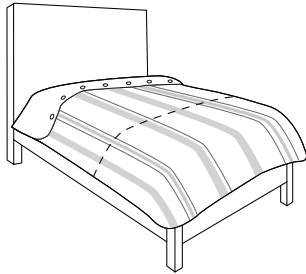

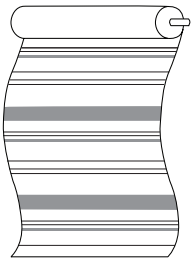

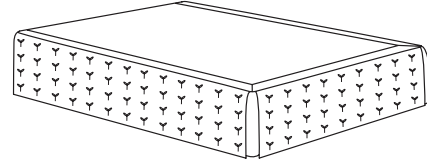

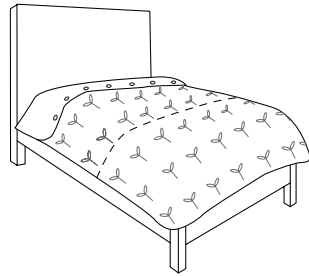

7 Production and Delivery

Lead time for C.O.M. orders is 3 - 5 weeks after receipt of all C.O.M. materials.

Railroaded vs. Up the Roll Fabrics

Railroaded Fabrics

Fabric pattern or grain runs across the roll horizontally, from selvage to selvage.
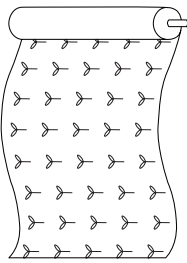

For railroaded fabrics with a stripe pattern, please specify whether you would like the pattern to run horizontally or vertically. The seams on your bed cover will be adjusted according to the pattern direction you have chosen. Note that if you select a RR fabric with a stripe pattern for a straight bed skirt, the stripe pattern will run vertically on the bed skirt.

Up the Roll Fabrics

Fabric pattern or grain runs up the roll vertically, parallel to the selvages.
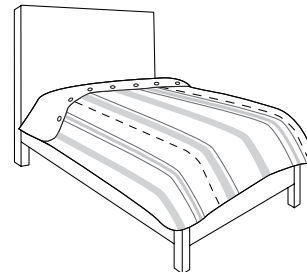

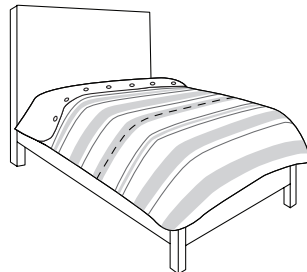

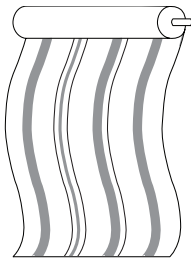

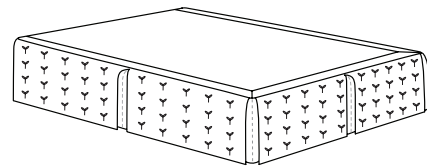

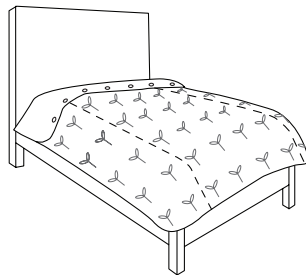

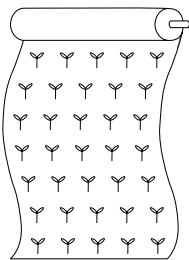

For Up the Roll fabrics with a stripe pattern, please specify whether you would like the pattern to run horizontally or vertically. The seams on your bed cover will be adjusted according to the pattern direction you have chosen. Up the Roll fabrics result in multiple seams on the bed skirt, so we do not recommend using an Up the Roll fabric for the straight bed skirt style. Note that if you select an Up the Roll fabric with a stripe pattern for a straight bed skirt, the stripe pattern will run horizontally on the bed skirt.

How to Measure...

...a Mattress for a Duvet Cover, Comforter, or Coverlet

This guide will help you measure your mattress to determine which duvet cover, comforter, or coverlet size to order. To measure a mattress accurately, use measuring tape and follow the instructions below:

1 Start with a bare mattress.

2 Using the tape, measure from the left side to the right side of the mattress to determine mattress width (Figure A).

3 Next, measure the mattress thickness from the top of the mattress to the bottom of the mattress (Figure B). This is the mattress height.

4 Multiply the mattress height by two and add that amount to the mattress width. This amount will determine the width of duvet cover that you need to fit your mattress. For instance, if your mattress width total is 108", you will need a Super King size duvet cover. Always round up to the next size.

5 Please refer to the chart below to select the appropriate duvet cover size for your bed.

Figure A

Figure B
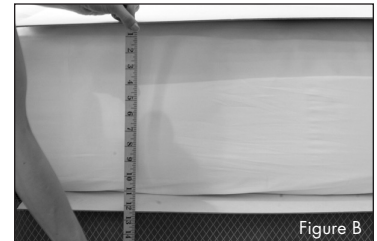

Daybed	Twin	Full	Queen	Super Queen	King	Super King	Cal King
99" x 52"	63" x 88"	78" x 88"	88" x 90"	96" x 98"	102" x 90"	114" x 98"	104" x 100"

Notes:
- Eastern Accents's Super sizes are designed for pillowtop or particularly thick mattresses.
- For a bed without a bed skirt, you may want to choose a super size duvet cover or comforter to make sure your box spring (if applicable) is covered.

...a Box Spring for a Bed Skirt

This guide will help you measure your box spring to determine which bed skirt size to order. To measure a box spring accurately, use measuring tape and follow the instructions below:

1 Using the tape, measure the box spring from the left edge to the right edge (Figure C). This is the box spring width.

2 Next, measure the box spring from the head of the bed to the foot of the bed (Figure D). This is the box spring length.

3 Finally, measure from the top of the box spring to the floor (Figure E). This is the bed skirt drop.

4 Match the box spring width and length to the chart below.

Notes:
- Eastern Accents bed skirts have a 3" decking border and split corners with kick pleats.

Bed Cover Upgrades

Edge Finish Upgrades

A. Add Cord

Add a cord to four outer edges of the duvet cover and comforter and three edges of the coverlet.

F. Add Flange

It is an option to add a 3″ flange to the bottom and two outer sides of the bed cover.

B & C. Add Welt

You may add a small welt (approximately ¹/₄″) or a medium welt (approximately ¹/₂″) to the four outer edges of the bed cover for a decorative accent.

G. Add Top Stitch

This stitch is parallel to the seam of the coverlet, and is sewn to be visible on the top to give the bed cover a clean edge.

D & E. Add Ruched Welt

This upgrade involves adding a medium ruched welt (approximately 2″) or a large ruched welt (approximately 2 ¹/₂″) to all four outer sides of the bed cover.

H. Add Edging Welt

Add a 1″ welt to the edge of the coverlet that is stitched on top to give the bed cover a more finished look.
